

## Preferred Pharmacies

Neighborhood Health Center has pharmacies at our Blasdell and Mattina locations. They provide excellent service, great prices and free delivery to your home or place of work. If you choose not to use one of our Neighborhood Health Center pharmacies, we encourage you to consider one of our preferred pharmacies in the community (shown below). Both the Neighborhood Health Center pharmacies and our preferred pharmacies help to support the services you receive at Neighborhood Health Center and allow us to keep costs low.
